

Belmont Presbyterian Church

Mission Plan

May 2022

1) CONTEXT

- A. The life of the congregation was badly disrupted by the Covid pandemic and a 'post-Covid syndrome' is now evident.
- B. The congregation has been vacant since 1 February 2022.
- C. The congregation has undertaken the Congregational Life and Witness Council's 'Growing in Fruitfulness' programme, including a series of five sermons, a congregational meeting to identify areas of fruitfulness that can be further developed and of unfruitfulness that need to be addressed. The week after the congregational meeting the members of kirk session met and discussed the present and recent reality of those areas, and the opportunities there are to do something practical about them.
- D. There have been a few difficult years following decisions at the 2018 General Assembly. Current relationships within the congregation are good however there is still some antipathy towards these decisions both within kirk session and the congregation. Our aim would be that we are a welcoming, loving church of everyone who seeks The Lord.

2) THE FORMAT OF THIS PLAN

This Mission Plan has been drawn together in the context above. It is not detailed with a lot of specifics, but more of a framework to be built on when a new minister is installed: as such a new minister will have particular interests and gifting, and it is appropriate that he or she will play a large part in helping the kirk session to develop the specifics.

3) FOUR AREAS TO CONCENTRATE ON ARISING OUT OF 'GROWING IN FRUITFULNESS'

FRUITFULNESS

A. Developing the life of Belmont as a community of God's people
